

New Hampshire Army National Guard

State Military Reservation

4 Pembroke Road, Concord NH 03301

The National Guard has fought in every American war from the Pequot War of 1637 to the more recent, Bosnia. Today, it's mission remains the same as it was more than 350 years ago:

Be available to help fellow citizens in times of need, and to be ready to go to war if necessary.

In the Army National Guard, you can live at home and enjoy a

full family life, maintain a full-time job, or pursue a full-time education--all while serving your country and community. Most Guard members serve only one weekend a month and two weeks a year. In exchange for part-time service, you will receive good pay (the equivalent to four days active duty pay for every weekend you "drill"). You will also enjoy many other benefits while on active

duty.

Benefits of Army Guard service include low-cost life insurance, PX and exchange privileges, Space-A (available) travel, and advanced technical training.

Furthermore, time served on active duty can be combined with Army National Guard service to build toward a military retirement.

Camaraderie, leadership opportunities, and a change of pace are all a part of Army National Guard service.

If you are considering college, you can take advantage of a variety of educational

Free Technical Training
Job Experience
Guard Tuition Assistance
Tuition Waiver Program (space available) at NH State Schools
Montgomery GI Bill
NH Guard Scholarship Program
Space-A Travel, and more

benefits, such as the Montgomery GI Bill, the Guard's Tuition Assistance Program, and free academic testing. As a member of the New Hampshire Army National Guard, you can also participate in the NH National Guard Scholarship Program and the Tuition Waiver Program at New Hampshire state colleges, universities, and community technical colleges. Some schools even award academic credit for Guard training and service.

MILITARY CAREERS

For many, the military offers excellent "learn-and-earn" opportunities. All new members of the armed Forces receive basic training to prepare them for military life. Most go on to advanced training for specific occupations to prepare them for a military career. This job training may also count toward academic credit in a civilian college. The military provides training to their personnel in a variety of subjects ranging from weapons maintenance to telecommunications and personnel management to strategic battle simulations. Civilian employers consider military training excellent preparation for many civilian jobs.

In New Hampshire, the NH Air National Guard and the NH Army National Guard are proud members of the US Armed Forces providing NH jobs. Students may contact their local recruiter for either branch as well as the following service branches:

Air Force: www.af.mil/
Coast Guard: www.uscg.mil/jobs/
